WILSON TO FIGHT FOR PEACE TREATY AS A WHOLE

Lieut. Commander Frank R. King Meets Death in North Sea

OSCAR UNDERWOOD STRONGLY DEFENDS LEAGUE OF NATIONS BEFORE THE SENATE

ALABAMA SENATOR DECLARES COVENANT STARTING OF HIGHWAY OF PEACE. Democrats Line Up

WASHINGTON, July 15.—President Wilson will fight to the last ditch against reservations by the United States to the German peace treaty. This was again emphasized by administration leaders today. Predictions that the President would agree to inconsequential changes through reservations to "save the faces" of certain senators, were said to be utterly without foundation by administration leaders. They insisted that the President has thoroughly canvassed the general situation and that he is convinced that the opposition could not muster enough senate votes for a single reservation to incorporate it in the treaty.

Since his arrival in Washington the president has dealt personally with certain democratic senators who were reported to be wavering in their support of the treaty. As a result of these conferences, Mr. Wilson was said by the men closest to him to be certain that there will not be more than one democratic senator—Reed of Missouri—recorded in favor of any modifications of the treaty. The President also believes that, so far as the Shantung agreement is concerned, he will be able to explain his action in this connection so that certain republican votes which are lined up in opposition to the treaty largely because of this one provision will be available for ratification. The President is very anxious, his advisers say, to explain the Shantung situation to the senate. He has discovered that many of the facts concerning these negotiations have not been made plain, even to administration lieutenants in the upper branch of congress.

UNDERWOOD DEFENDS LEAGUE
(International News Service.)
WASHINGTON, July 15.—Characterizing the league of nations as "the starting of the highway of peace," Senator Oscar Underwood, of Alabama, who heretofore had been regarded as a doubtful supporter of the league, announced in a speech in the senate this afternoon that he would support the league without amendment or reservation.
"We face a condition, not a theory," said Senator Underwood. "Dangers to our people and to our republic that were not dreamed of a century ago confront us today at our very doors, a threatening menace to our lives, our civilization and our institutions. Shall we continue to dream of the ideals of the past, or meet as practical men the dangers of the future? The foremost question in the mind of America today is the future preservation of the peace of the world, and well may this be so. There may have been many causes of war in the past, but the dominating causes of war among the great nations of the world have been the desire for the possession of lands and colonies. I am not prepared to say that the adoption of the present treaty carries within itself the elimination of the causes of war, or that in the end there will be no more wars, but I do say that within the folds of this treaty we find an agreement between the great nations of the world that will probably in the future carry the question of national disputes to a court of final arbitration, and in many if not in most instances avoid the horrors and injustices of war. Let me say that I do not regard the organization of the league as a super-government. No super-government could exist without power to maintain itself. The announcement of withdrawal from the compact by either

THREE CARTER BOYS ANSWER THE CALL OF THEIR COUNTRY

LEON CARTER, EARL CARTER, HARRY CARTER

When their country called three sons of Mr. and Mrs. Ed Carter, of Albany, answered. Sergt. Harry Carter served with Company E in France, and now is state secretary of the Rainbow veterans' organization with headquarters at Montgomery; Earl Carter has just been discharged from the army, while Leon Carter still is one of Uncle Sam's Jack-Tars.

HOW IT FEELS TO DO STUNTS WITH LIEUTENANT MORAN

(By Benjamin Goodworth.)
Business of reading aloud: "I hereby absolve the United States government from blame for any accident that may occur on this flight."
Then the man said: "sign your name here."
All of that is a mighty bum way to begin a story, but believe me its a whole lot worse way to begin a trip. I'll say it is!
But Lieutenant Bunting, who had fixed up the release was very encouraging. He said: "I hope we will not need this, but by the way who is your nearest relative?"
These preliminaries occurred yesterday afternoon while Lieutenant Moran, who was pilot on my first aerial visit and Flight Sergeant Pace looked over the plane and reduced our chances of getting hurled into Kingdome Come to the very minimum.
I really don't know what we did after we went up. An occasional glance outward, while we were doing some kind of flip flop showed the ground wasn't where I left it, or I wasn't where I ought to be or something, because it was on top of me! About that time I wondered how Uncle Sam would reconcile that blooming paper I signed for Lieutenant Bunting with my government insurance!
Seriously though, there is nothing exactly like an aeroplane ride. There is as much difference in being transported through the heavenly spaces as there is between riding in an automobile and walking.
Lieutenant Moran was very kind to me, for he stayed up quite a bit before he did a "stunt." Leaving the ground and just soaring is not frightening. There is a feeling of perfect security, a feeling of trust in the plane. Few are afraid of their ship while on the water. There is no more reason to be afraid in the air.
Duck Behind Shield
Naturally to the novice, loops and spins are a different matter. I found that by ducking behind the wind shield and staying there while we weathered self imposed storms, I got by all right. Had I tried to observe all of the shifting scenery I am not so sure how I would have felt. Not that it would have made a great deal of difference because you are unable to speak to the pilot and your troubles have to be borne alone.

HEALTH MEASURES URGED IN OFFICIAL PUBLIC STATEMENT

CITIZENS TOLD TO CONSULT WITH PHYSICIANS AND BE INNOCULATED.
Covered Garbage Cans
MORE COOPERATION WITH SANITARY DEPARTMENT BY PUBLIC IS SOUGHT.
That Friday and Saturday be designated weed-cutting days and that all residents cut the weeds about their premises and that all citizens consult with their physicians and be inoculated are among the recommendations made today in a public statement signed by Mayor A. C. Dillehay, Dr. J. W. Crow, city health officer and Dr. Frank Chmault, chairman of the sanitary committee of the council.
The committee declares that following an examination of premises in the city they found citizens are not cooperating with the sanitary officials and that trash is not being piled up properly to facilitate the work of the trash wagons of the city.
They found also that garbage cans are not covered and many connections have not been made with lateral sewers. They recommend that all citizens get covered cans at once and that connections be made immediately with the sewers.
Their statement follows:
(Continued on page four)

ADVERTISING PAYS; REED SPEAKS TO A PACKED HOUSE

(International News Service.)
BIRMINGHAM, July 15.—Senator James A. Reed, of Missouri, in eloquent outbursts of oratory last night, stood before a packed house here and for nearly three hours vigorously denounced the league of nations.
The meeting was orderly, and at times the crowd cheered strongly words spoken by Senator Reed. His speech was the same as that made by him in Atlanta last week. He vigorously played those who had protested against the speaking here, the newspapers that criticized him and every article of the league of nations covenant. He left this morning for Washington.
An opposition meeting will be held tonight at the Jefferson theatre, when speeches in favor of the league of nations will be made by Congressman Hefflin, John R. Hornady and others.

REVENUE BILL UP TO STATE SOLONS

COMMITTEE BEGINS CONSIDERATION OF THE MEASURE TUESDAY MORNING.
(International News Service.)
MONTGOMERY, July 15.—The House committee on ways, means and appropriations of the state legislature took up the general revenue bill Tuesday morning at 10 o'clock. It will occupy the first place in public attention until disposed of.
Tuesday is a non-legislative day. Wednesday and Thursday are to be given over to the question of suffrage. Wednesday to hear argument of outsiders and Thursday to consideration of the amendment as a special and continuing order.
Unanimous action on the part of the senate on Senator Watt Brown's resolution inviting President Wilson to address the legislature on the league of nations is evidence that the league has new opponents in the senate. Mr. Evans, of Hale, in the house, and Mr. Faulk, of Geneva in the house are the only two legislators voting against the league.
The name of Woodrow Wilson has been generally applauded when mentioned in both houses. However, it is

GALLANT OFFICER IS LOST WHEN MINE EXPLODES

(International News Service.)
Washington, July 15.—Lieut. Commander Frank R. King and six members of the crew of the U. S. S. trawler Richard Buckley were killed while mine sweeping in the North Sea on July 12, Vice Admiral Knapp today informed the navy department. The fatality was caused by the explosion of a mine the men had just removed from the water.
The trawler was sunk by the force of the explosion, going down in 6 or 7 minutes, the position being latitude 59 degrees, 32 minutes north and longitude 0 degrees, 32 minutes, 30 seconds east. Two officers and sixteen men of the crew were saved, and Lieut. Frederick G. Keyes and Lieut. Junior Grade Walter H. Shirom were slightly injured.
Of the men who lost their lives only one body has been recovered, that of Antonio Terfido, a cook, first-class, Brooklyn, N. Y., whose body is now being prepared for shipment to the U. S.
Other dead are:
Edgar Harmen, engineman, Reah, Ireland.
John V. Halden, seaman, Brooklyn.
Homer Perdue, Washington Court-house, Ohio.
George B. Rezab, Waterman, Minn.
George N. Sewers, Knoblick, Ky.
Commander King's home was in Bremerton, Washington, and his next of kin was his wife, Mrs. Frank R. King, 367 Grant Street, Albany, Ala. Commander King was 35 years of age and entered the U. S. naval academy from Alabama in 1903. During the war he saw service on the U. S. S. Arizona.
News of the death of Commander King was conveyed to his wife by the Daily this morning. Mrs. King is now at the home of her parents, Mr. and Mrs. D. C. Adams, on Grant street, and at this time had received no tidings from the navy department that would confirm the dispatches as printed above. She stated that Commander King sailed some weeks ago for London, and that orders published in New York papers received here this morning stated that on July 12 he had been placed in command of trawler No. 2, of the U. S. S. Panther, which had been assigned to duty on the North Sea in connection with the removal of mines placed during the war.

PERSHING ARRIVES AT LONDON; GETS FINE RECEPTION

(International News Service.)
LONDON, July 15.—Gen. Pershing arrived in London from Paris shortly after noon today and was given a tremendous ovation. Gen. Pershing had arrived at Dover on the destroyer Orpheus, and as the warship moved through the harbor the British man-of-war and shore batteries fired an ear-splitting salute of welcome. At Dover Gen. Pershing was met by Gen. Sir H. H. Horne, of the British army, and a guard of honor. A special car was provided for the trip to London. As the train arrived at the Victoria station at 12:35 o'clock, Col. Winston S. Churchill, secretary of state for war; representatives of Field Marshal Haig, the British commander-in-chief and a guard of honor officially welcomed the American commander. Outside in the streets great crowds gave an unofficial greeting by cheering and waving flags.
A busy program confronts the American commander. He will be the guest of Ambassador John W. Davis tonight. At 11 o'clock tomorrow morning he will be decorated with the Distinguished Service Medal. Later he will be guest of honor at the American Lincoln Club. After the luncheon, Gen. Pershing will be the guest of King George at a garden party on the grounds of Buckingham palace.

Polk May Succeed Gerard at Berlin

(International News Service.)
WASHINGTON, July 15.—Frank L. Polk, under secretary of state, who is soon to go to Paris to succeed Secretary Lansing as head of the American peace mission, is being prominently mentioned for appointment as the U. S. ambassador to Berlin, when the senate ratifies the peace treaty.

Miss Hartung Able To Resume Work

Miss Mabel Hartung, who was painfully injured several weeks ago when she was knocked down by an automobile on Johnston street, was able to resume her duties at the city hall this morning, as assistant to her father, City Clerk Henry Hartung.

GIANT ZEPPELINS WILL PLY BETWEEN GERMANY AND THE UNITED STATES

Service to Start on October 18, According to Announcement by Agency.
(International News Service.)
NEW YORK, July 15.—That Zeppelins several times the size of the R-34 and capable of carrying 360 tons of freight will begin making regular trips between German and American ports within a year, was the positive declaration today of Han Ksaars of the Monopol Export and Import Union, who caused the following advertisement to be inserted in German-language papers here: "Advance Notice: Commencing October 18, over-ocean zep passenger and freight service between Dusseldorf, Berlin, Hamburg, New York, Boston, Chicago; booking on and after September 18."

A. Z. BAILEY IS KNOCKED DOWN BY AUTO AT CULLMAN

WELL KNOWN WHOLESALE GROCER HAS NARROW ESCAPE FROM DEATH. Is Seriously Injured
BIG WHITE MACHINE BECAME UNGOVERNABLE WHEN ITS STEERING GEAR BROKE.
A. Z. Bailey, well known wholesale grocer, is confined to his home today with an injured ankle, as the result of an exciting experience at Cullman yesterday, when he was run down by an ungovernable automobile driven by a Mr. Bailey in the employ of the Parker garage at that place. Mr. Bailey was knocked unconscious, and it was at first feared that he had sustained internal hurts.
At the time of the accident Mr. Bailey was standing on his lot in conversation with Joe Frahn, well known local contractor, who is superintending the construction of a warehouse for Mr. Bailey at Cullman. The big white car, driven at a terrific speed, according to Mr. Bailey, ran wild when the steering gear became deranged, and dashed directly toward the two men. Mr. Frahn escaped unhurt, but it is thought that Mr. Bailey would have been killed but for the protection afforded by a pile of brick, which diverted the auto slightly from its course. Mr. Bailey was struck in the abdomen by the onrushing machine and knocked down. He was picked up and removed to the hotel, and later was brought home on the U. S. N. accommodation car. Dr. McAdory, who examined the wounded man and placed his injured leg in a plaster Paris cast. Mr. Almon accompanied Mr. Bailey home.
Mr. Bailey stated that he was informed that the driver of the car, who is a mechanic, had been engaged in adjusting its mechanism and that he had left some of the nuts in the steering gear loose. This caused him to lose control of the car.

Two More Days to Pay Street Tax; Then Delinquent

Through discovery of the fact that the law allows ten days of grace after July 7 before street tax becomes delinquent, Police Chief Howell of Albany today served notice that no penalties would be imposed until after July 17. This gives delinquents two days more in which to produce the necessary \$2.50, or to do time with pick and shovel. After July 17, the tax is \$4.10.

Texas Bankers to Finance the Fleecy

(International News Service.)
DALLAS, July 15.—Representative Texas bankers in conference here have organized the Cotton Acceptance Corporation, with a minimum capital of \$1,000,000. It was announced that the capital issues probably would be increased to \$5,000,000 within a few weeks. The purpose of the corporation is to finance the gathering and movement of cotton crops.

Oscar Underwood Strongly Defends

(Continued from Page 1.)
France, the United States or Great Britain would at once destroy the binding force and moral power of the league in the world's affairs. So, with the right to withdraw, I feel that there is no need to fear the dangerous surrender of any of the fundamental principles and rights of the American people. Therefore, I am willing to face it and try it and hope that from the seed that is planted today, in its fruition the final peace of the world may be found. This is not a strong or definite agreement, but out of its terms I am hopeful that there will come a gradual disarmament of the world, the lifting of the burden of the preparation for war from the shoulders of striving humanity and the greater inducement to settle disputes through the high court of arbitration, rather than the decision of brutal force.

"PEACE" ADVOCATE OPPOSES
WASHINGTON, July 15.—Declaring the Shantung clause in the treaty of peace to be "so indefensible, so un-

just and so wicked that it would be sufficient alone to reject the treaty," Senator Norris, republican of Nebraska, who has been a consistent opponent of war in the senate, today announced in a speech on the floor of the upper house that he would vote against the ratification of the peace treaty in its present form.

Man Saves Wife In Nick of Time

"My wife was unable to eat even the lightest food, and had fallen away to a living skeleton. She could not even keep doctor's medicine on her stomach and was tortured with pain. On the recommendation of a friend I bought a bottle of Mayr's Wonderful Remedy and she is all right now and has gained forty pounds." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. S. M. Thompson, Albany, Owl Drug Co., Decatur and druggists everywhere.—Advertisement.

THREE WEEKS BETWEEN TWINS

(International News Service.)
CALWOOD, Mo., July 15.—S. P. Dudley, a farmer living near here, has two lambs, born of the same mother, but three weeks apart. The mother is caring for both, and there is no doubt in the mind of Mr. Dudley that they belong to her, even if one did get here three weeks ahead of the other.

CARD OF THANKS

Our friends, your tender offices during our recent bereavement will ever be cherished. In the loss of our beloved husband and father you lessened the blow in every way in your power and we are indeed grateful and appreciative. MALONE ADDRESSES THE AUTO DEALERS

LOCAL MAN URGES OBSERVATION OF THE SABBATH BY GARAGES.

(International News Service.)
BIRMINGHAM, Ala., July 15.—One of the features of the annual convention of the Alabama Automobile Dealer's association, held here yesterday, was the address on "Co-operation, the Keynote of Success," by B. L. Malone, of Albany. Many of the delegates to the convention declared that Mr. Malone was the chief speaker of the occasion, although there were a number of others on the program.

George D. McCutcheon, of Atlanta, spoke on the purpose of the N. A. D. A., and W. B. Smith, of Birmingham, told of the increased auto thefts and their remedy.

"The Automobile Business of the Past, Present and Future," was the subject of an address by M. K. Johnson of Montgomery, and J. P. Johnson, of Montgomery, spoke on "The Truck of Today and the Future."

The series of talks was brought to a close with the discussion of "the benefits of the N. A. D. A." by Hubert Drennen, of Birmingham.

Mr. Malone, in his speech, urged the dealers to observe the Sabbath, stating that his place had never been open on Sunday, and declaring that the Lord would reward with material prosperity those who obeyed divine laws.

Among those in attendance were: C. E. Ingalls, T. B. Riley, J. R. Farley, J. C. Salter, B. M. Boyd, W. C. Stokes, of Montgomery; C. B. Mott, W. H. Hunt, Knox Henderson, R. M. Hendley, Troy; B. L. Malone, W. E. Hensley, W. R. Shelton, Albany; L. G. Mason, Atlanta; Lee Moore, L. P. Quigley, Mobile; Hunter Watkins, Ted Brownell, Hubert Drennen, J. A. Rountree, G. A. Carr, C. M. Russell, George Watkins, W. W. Stillson, H. M. Fulmwidder, W. B. Smith, D. W. Insemeringer, W. J. Kreeb, Birmingham; L. P. Studstill, Andalusia.

CARD OF THANKS

We wish to express our thanks for the many kindnesses shown us in the loss of our precious baby.
Mr. and Mrs. Mevin Hutson and family.

The Wonder Medicine Of the Age

Positively Marvelous Results
Follow the Use of Sulfero-Sol
In Cases of Rheumatism, Indigestion, Eczema, and Other Skin Troubles.

People call Sulfero-Sol "The Wonder Medicine." It produces most surprising results in Rheumatism, Indigestion, Eczema and other skin and blood troubles.

"It makes you all over again," is one comment for health by taking it. Sulfero-Sol is Nature's own remedy. It comes right out of the earth—a solution of sulphur and iron with other minerals and salts that are beneficial to the system. Thousands have used it and many have testified under oath that it has wonderful healing power. It contains no alcohol or dope, and therefore gives no artificial stimulation. If you suffer with any of the diseases named, or if you feel generally run down or weak, try Sulfero-Sol and find out what it will quickly do in improving your condition. Your druggist can supply you. Refuse any substitute. There is no medicine like Sulfero-Sol—nothing "just as good." Manufactured by the Sulfero-Sol Co. Montgomery, Ala.

EAGER TO HAVE OTHERS PROFIT BY HER ADVICE

JACKSON WOMAN DETAILS RELIEF AND URGES ALL TO TRY TRUTONA.

JACKSON, Tenn., July 14.—"I simply feel like a new woman, since taking Trutona, and I want others to know about it," that's the reason I'm giving this testimonial," Mrs. M. D. Simmons, 225 Lanor street," said recently.

"For many years I've suffered from kidney trouble and rheumatism," she continued. "I have severe pains in my back and limbs and it seemed I couldn't get relief from them. My appetite was very poor, too, so bad, in fact, that I seldom cared for anything to eat."

"But the first few doses of Trutona seemed to help me. The pains in my limbs and back have been relieved and I have a simply ravenous appetite. To those who are suffering with kidney troubles, pains in the back and limbs, take my advice and try Trutona. If taken according to directions you will surely get relief."

Trutona is now being introduced and explained in Decatur by Decatur Drug Co., and in Albany by Preuit Dillehay Drug Co. The J. S. DuBois, Son & Co., wholesale distributors for this section. The J. S. DuBois, Sons & Co., wholesale distributors for this section.—Advertisement.

UNITED STATES RAILROAD ADMINISTRATION

NOTICE!
Weed Cutting Days Named.

All parties, whether owners or renters, having possession or control of property, whether improved or vacant, within city limits, are hereby notified that Friday and Saturday, July 18 and 19 are designated as weed-cutting days. Please co-operate with your neighbors and with the city in making the city more sanitary and more sightly. An hour or two each day will turn the trick and give us a healthier and happier place in which to live.

Cut all weeds down to the ground and clean it up from your front curb line to middle of back alley. I earnestly ask the whole-hearted and active co-operation of all the people in this good work.

Respectfully,
A. C. DILLEHAY, Mayor.

COMPLIMENT TO VISITOR

A very nice affair was that of last evening, when Mary and Marie Talley entertained for their cousin, Lindsey Talley of Denison, Texas. Vases of the season flowers decorated the rooms thrown open for entertainment. Progressive conversation featured the evening. At a late hour tempting ices were served. Those present were Jeanne Buchanan, Susie Whyte, Willie Fiest Price, Mildred Pinkerton, Annie Fay Almon, Mary Harvey, Francis Beason, Viola Miller, Christine Davidson, Ruth Banks, Elsie and Florence Phinizy, Carolyn Cartwright, nee C. Giveas, Lula Garnett, Flora Gardner, Dunlap Alexander, Arthur Nebrig, Malcolm Patterson, Earl Jones, Eugene Russell, Geo. Clem, Glen Harvey, Ernest Morrow, Bill Foster, Otto Owen, Roy Buchanan, Felix Warren, Eugene Collier, Edgar McCulley, Robert Banks, Warren Gardner, Milton and Floyd Collins, W. Woodruff, Oric Davis.

FAIRVIEW SCHOOL IMPROVEMENT LEAGUE

At the Fairview School the Ladies Improvement League will serve ice cream, cake and cold drinks on Wednesday, July 16. The girls will provide a box supper. You are invited. Mrs. R. D. Compton, Secty. pro-tem.

Mr. and Mrs. H. T. Gill and Mr. and Mrs. R. H. Wolcott leave tomorrow for a two weeks stay at Valhermosa Springs.

Vivian, the little daughter of Mr. and Mrs. W. M. Dickson has returned from an extended visit with relatives at Nashville, Dickson, Centerville and Bell Buckle, Tenn.

Mrs. J. T. Vanarsdale is in Birmingham.

Mr. and Mrs. A. D. Cohen, accompanied by Mrs. Max Kessler, sister of Mrs. Cohen, leave tomorrow for a vacation trip of three or four weeks. While away they will visit New York, Boston, Philadelphia and Atlantic City.

Mr. and Mrs. J. H. Calvin, Miss Maria Evelyn and Joe, Jr., are in Athens today.

Miss Mary Turley has returned from Florence where she took the six weeks teachers training course at the state normal.

Imogene Winton has returned from Tusculum where she was the guest of Mrs. and Mr. Rex Winton. She leaves Wednesday to visit Chattanooga friends.

Mrs. Annie Crane returned Monday from an extended visit to Columbus, Ohio, where as the guest of Mrs. Nelson Schafer she enjoyed the Centenary celebration at Dayton. She visited Mrs. A. Bechart and Mrs. C. C. Eager, at Cincinnati she was the guest of Mrs. Nelson Clinger.

Mrs. S. I. Nichols has returned from Sheffield where she visited Mr. Nichols who is in business there.

Mr. and Mrs. W. H. Winton are enjoying Camp life at Muscle Shoals.

PERSONALS

F. W. Surratt left last night to attend a convention of the Southeast Division at Atlanta.

Erskine Skeggs came over from Memphis and spent Sunday with his parents, Judge and Mrs. W. E. Skeggs.

T. F. Turley and son T. F. Jr., left last night for Toledo, O., en route home they will stop at Red Boiling Springs for some weeks.

BIRTH

Born to Mr. and Mrs. W. T. Giles, a daughter, July 14.

Best Officers Seek To Be Discharged

(International News Service.) WASHINGTON, July 15.—Promising young officers of the army are resigning. There is a flood of demands for retention in the service of undesirable officers, and the morale of the army is at a lower ebb than for many years. Gen. Black, chief of the engineer's corps, today told the house military affairs committee.

FUNERAL SERVICES FOR T. C. HOWELL

WIDELY KNOWN CITIZEN BURIED AT FAMILY PLOT AT JOHNSON'S CHAPEL.

Following funeral services conducted by Rev. G. C. Walker, pastor of the Southside Baptist church, the interment of T. C. Howell, one of Morgan county's best known and most highly esteemed citizens, took place yesterday afternoon at Johnson's Chapel. Many friends from the Twin Cities attended the obsequies, the funeral cortege, which drove through the country, consisting of sixteen cars.

Mr. Howell's death occurred Sunday afternoon at his home here, following an illness of two and one-half weeks from organic heart trouble and typhoid fever. He was 72 years of age at the time of his death, but was remarkably well-preserved for a man of his years. Until about three months prior to his fatal illness he had been engaged in the wood business, in which he was quite successful.

Born near Hartselle, Mr. Howell resided there until middle life, moving to Albany 21 years ago. He was a staunch and consistent member of the Baptist church. The deceased was twice married, his first wife being Miss Mary Frances Royer, who died 29 years ago. At her death, her grief-stricken husband erected a cedar house over her grave, and arranged that he should sleep beside her when he, too, was called home. Five children survive the first union: Mrs. A. J. Sybert, of Italy, Texas, who had only recently returned home after visiting here; Mrs. W. H. Thompson, of Austinville; Mrs. John W. Owens, of South Albany; J. M. Howell and Police Chief C. Ed Howell, of Albany. Mr. Howell was married the second time to Miss Cora Lane, who survives him, as does their son, S. G. Howell, of this city.

We Wash Cars—Frank P. Lide.

Horrors of Bad Blood

"All maladies of racking torture, quills, joint racking rheums, fierce catarrhs, intestine stone, and ulcer chills pangs, marasmus, dropsies, asthma, pining atrophy, moping melancholia, moonstruck madness, what miseries?"—Milton.

This is the state of man or woman suffering from poisoned blood. Read what the U. S. Dispensatory and other authoritative books say in regard to the ingredients entering into "Number 40 For The Blood." "Employed in diseases of the glandular system, in blood poison, mercurial and lead poisoning, rheumatism, catarrh, constipation, diseased liver, kidneys and spleen. Under its use nodes, tumors, sores, ulcers, mucous patches, copper-colored spots and scrofulous enlargements disappear as if by magic." Insist on "Number 40," made by J. C. Mendenhall, Evansville, Indiana, 40 years a druggist. Sold by Preuit-Dillehay Drug Co.—Advertisement.

Health Measures Urged in Official Public Statement

(Continued from Page 1)

A canvass of sanitary conditions within the city, more particularly with reference to conditions of back alleys, closets, barns and weeds has been made. While this work has not been completed as yet, the conditions are so bad as to call for some public statement with recommendations.

We think it would be well if each citizen would go over and around his own premises and see what is necessary to put his place in sanitary condition. A careful inspection of the sanitary conditions, particularly in the back alleys and out houses, will give valuable information.

Such an inspection will demonstrate that it is impossible for the sanitary wagons to clean up the city; that the fault lies at the door of the individual citizen, whether owner or renter; that a little intelligent work on the part of every family would greatly improve conditions and materially lessen causes of sickness.

In many places where an effort has been made to gather and pile up trash it is mixed up with and scattered among weeds, until no possible number of trash wagons could gather it up from the city. When such is attempted it makes a mess of things and leaves a poor job, all because the property owner or renter does not keep his weeds cut and his trash in a proper container.

We make the following recommendations:

First. That all premises that are inhabited by human beings be connected with sanitary sewers; where this has not been done it should be done at once by property owners if within reach of sewer laterals; if owners persist in failure or refusal to make such connections the city should proceed as promptly as possible in making these connections, which, of course, will cost the property owner more than to make them himself. This is so important and conditions in many places are so deplorable that it should be pushed. Many property owners have had legal notice to collect and the time limit has almost expired. Here is a place for the city council to do some real constructive forward-looking work by making these installations.

Second. That all property owners or renters have their weeds cut from the curb line in front to the middle of their alleys behind. These weeds should be cut at or below the surface of the earth, and should be burned or piled so trash wagons can collect them. We recommend that Friday and Saturday of this week July 18 and 19 be set apart and designated as weed-cutting days when all parties will be asked to co-operate by cutting their weeds.

Third. In our rounds we saw one garbage can, properly covered to make it fly-proof. All families should so provide themselves with covered garbage cans which flies cannot enter. All combustible material would best be burned but if not burned it should be enclosed in covered cans so flies cannot harbor and multiply therein, and so it will be readily removed by trash collectors. Discontinue your practice of throwing shucks and cobs of roasting ears or green corn out in the open. No tin can should be carried from the kitchen until holes have been punched in bottom or bottom cut out so they will not hold water. When exposed to rain and partly filled with water cans become breeding places for mosquitos.

Fourth. In addition to weed-cutting

We Wash Cars—Frank P. Lide.

and garbage covering, all breeding places for flies should be enclosed with screening or so cleaned out and disinfected as to stop propagation of flies. This is very important now as flies are known carriers of Typhoid Fever, and since typhoid fever has been reported in the city. This leads us to our next recommendation, which is:

Fifth. All persons should consult their regular physicians and be inoculated against Typhoid Fever.

Sixth. Cows should not be led along nor tied near sidewalks nor in the street nor penned in lots beside human dwellings.

Seventh. Persons residing upstairs are warned not to throw garbage or trash out of the windows.

Respectfully,

A. C. DILLEHAY,

Mayor.

J. W. CROW,

City Health Officer.

F. L. CHENAULT,

Ch'm Sanitary Com.

We Wash Cars—Frank P. Lide.

Allies to Demand Trial of Officers

(International News Service.) LONDON, July 14.—The allies will add Germany to the demand of Holland that she deliver the ex-kaiser for trial as well as any other officials who have taken refuge in the Netherlands, said an exchange telegraph from Berlin this afternoon. In all the allies will demand 167 officials for trial including some of the highest army officials.

The list includes Field Marshall Von Hindenberg, General Ludendorff, General Von Kluck.

MORGAN COUNTY'S DRIVES WORKERS ARE GIVEN THANKS

APPRECIATION FOR LOAN WORK EXPRESSED BY DIRECTOR JAS. McCORD.

The appreciation of Jas. A. McCord, director of war loan organization for the Sixth Federal Reserve district, to County Chairman Hendrix and his workers was expressed in a letter received today.

The following letters are self explanatory.
Albany-Decatur Daily,
Albany, Ala.
Gentlemen:

I am enclosing letter just received from the retiring Director of the War Loan Organization of Atlanta, which I shall be glad for you to publish for the benefit of the various loyal and patriotic workers whose efforts brought success to the several drives in Morgan County. It is to these workers that this letter is more particularly directed and because of the records not being complete in Atlanta, it was necessary that this message be delivered through me as County Chairman.

In closing, I desire to again thank your paper for the liberal space given it through all these campaigns.

Yours very truly,
CLYDE HENDRIX,
County Chairman.

Atlanta, Ga., June 10, 1919
Mr. Clyde Hendrix, County Chairman,
Decatur, Ala.

Dear Mr. Hendrix:

As my last official act before relinquishing the duties which have heretofore developed upon me as Director of the War Loan Organization for the Sixth Federal Reserve District, I want to express to you personally, for the organization in your county, my sincere and deep-seated gratitude and admiration for the superb and sustained effort you made in the work of securing financial backing from our people to enable the Government to win the war.

The territory in which you labored so earnestly is one in which the people have heretofore been borrowers to perhaps a larger extent than they have been lenders, and the very nature and value of the securities of our national government had to be impressed upon them. This, and other obstacles which at times seemed to make your, and my, task impossible of accomplishment, were overcome by the dominating personality of yourself and your co-workers, given in behalf of our government freely and without limit.

In working as you did you accomplished a wide distribution of government securities in your territory, and

you have merited the sincere thanks of your country, of the Treasury Department, and of the officials of this organization.

We have never been able to complete the records of our organization as to the personnel of the Liberty Loan workers of the District. For this reason only I will not try to reach the workers serving under your direction, but will ask you to pass on to them this expression of my grateful appreciation for their patriotic labors.

Yours very truly,
JOS. A. McCORD,
Director War Loan Organization,
Sixth Federal Reserve District.

HOW SHIVAR ALE RENEWS HEALTH

New England Scientist Discovers the Secret of the Well-Known Health Giving Properties of This Famous Southern Product

Dr. W. H. Morse, Consulting Scientist, Hartford, Conn., after careful analysis and experimentation, has discovered the scientific reasons for the well-known medicinal effects of Shivar Ale, a Southern mineral water product, whose health giving properties have won the favor of the medical profession, as well as the laity, throughout America.

Dr. Morse's attention was first attracted to this subject by own personal experience in the use of the Ale, and by his observation of its beneficial effects upon his patients, but not being contented to merely observe the results, he decided to find out the cause. His analysis and practical tests disclose the fact that Shivar Ale possesses marked beneficial effects upon the system in three relations, namely, digestion, nutrition and excretion. Dr. Morse finds that the Ale increases the flow of the digestive fluids namely, saliva, gastric juice and the pancreatic and intestinal juices, thus assisting weak stomachs in the digestion of all varieties of foods. It prepares the food completely for absorption and nutrition, thereby improving the health, strength and nourishment of the system as a whole, including the stomach itself, for the stomach is one of the first organs to suffer from the consequences of its own failure to properly digest food. Dr. Morse further explains that in consequence of the perfect digestion and the increase of digestive fluids, the Ale corrects constipation, biliousness, headache, numerous forms of auto-intoxication, uric acid poisoning and many other disorders growing out of faulty digestion and faulty elimination.

Shivar Ale may be had of your local grocers and druggists.—Advertisement.

Is he digesting?

It's not what the horse eats—it's what he digests that makes him strong. Oats is a good feed but up to 20% passes through the system whole—undigested, a total waste.

The oats in Purina O-Molene Feed are crushed and then sprayed with hot molasses, none wasted. The corn also is cracked.

Purina O-Molene Feed, the heavy crushed grain ration, contains all the elements to give a horse energy and to produce muscle, blood, hair and hide in proper proportion.

Ugh! Calomel Sickness; Salivates!

Please Try Dodson's Liver Tone

I am sincere! My medicine does not upset liver and bowels so you lose a day's work.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour-bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your

druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children as well.

THE GIRLS FROM STARLAND

CO. PLEASES IN NASHVILLE

A first-class show in "The New Recruit," the offering at the Orpheum Theatre for Monday, Tuesday and Wednesday. Rarely has a better company, a prettier line of girls or a more complete and pretentious wardrobe been seen at this Nashville playhouse.

"The New Recruit," presented by the girls from Starland Company, is a crackerjack good comedy.

Joe Anthony is a blackface artist of more than ordinary wit. Joe can sing and get away with more new jokes than any con actor seen on the Orpheum boards this season, and he does it in a way that always draws a laugh.

Charlie Marvel, a violinist of ability, has a good name. For Charlie can even make music come out of a common old saw.

Billie Fenton, who takes the part of the captain, is a splendid character for his part. His wrangles with the awkward Black Button recruit are ludicrous in the extreme.

The pretty Earl sisters, Peggy and Katherine, give several specialty numbers and are good to look at besides.

Some of the musical hits are "Blue Ridge Blues," led by Peggy Earl; "Somebody Loves You, Dear," by Billy Fenton, and "Jazzing the Blues Away." Joe Anthony's "Saturday Night" song was a winner, while the Earl sisters' "Hanging Around" is also a splendid specialty number. A load of special scenery is carried with the show.

The Girls from Starland will be at the Masonic theatre all this week.

New Appropriations Measure Reported

(International News Service.) WASHINGTON, July 15.—The house, accepting the president's veto of the sundry civil appropriations bill, because it failed to make adequate provision for the federal board of vocational education, today brought in an amended bill meeting the President's objections and put it on passage under a special rule. The bill revises the restrictions on activities of the board, provides sufficient funds for special employers, and makes available money to pay 8,000 wounded men put under vocational rehabilitation \$80 a month for single and \$100 a month for married men.

A SEED BREEDERS' AND GROWERS' ASSOCIATION FOR ALABAMA

By H. B. Tisdale, Associate Plant Breeder.

Prepared by Extension Service, Auburn, Ala.

The progressive farmers of Alabama will soon have an opportunity to organize themselves into a seed breeders' and growers' association. The Alabama Extension Service offered them this opportunity late last winter, but on account of the pressure of farming business at that time many farmers could not attend the meeting, therefore it was deemed more suitable to call a meeting for this purpose in mid-summer.

Farmers of Alabama are suffering immense loss of crops from the use of seeds of bad quality. The poor stand of peanuts and soybeans now existing in south Alabama, is due to the use of seeds of bad quality. There may be seen at this time many cotton and cowpea plants dead or dying in different parts of the fields from the attack of wilt diseases and nematode worms. These facts and experiences show very impressively the importance of controlling in some manner the supply of planting seeds.

A Seed Breeders' and Growers' Association will make it convenient for every farmer of Alabama to obtain all kinds of planting seeds of the highest grade and at the most reasonable price. On the other hand, the seed breeders and growers will increase their income, and interest in the farming business by making seed improvement a part of their farming operations.

The Extension Service at Auburn, with other interested parties, has been working for some time toward the organization of a State Seed Breeders' and Growers' Association. It is planned to call a meeting at Auburn the latter part of July for the purpose of organizing and starting operation of such an association. Why not plan at once to get into this movement with full force and make it a success?

"Playing Hokey."

"To play hokey" originally meant to hide around the corner. Hoekje was the old Dutch word meaning "a little corner."—Gas Logic.

SHE FEARS INSANITY

AND DRINKS POISON

(International News Service.)

TOPEKA, Kan., July 15.—Fearing insanity, Miss Anna Hays Holt, daughter of the late Judge Noel Holt, drank poison on the steps of the house of Judge W. A. Johnson, of the Kansas Supreme Court, a long time friend of her father, and died in a few minutes. Miss Holt left a note saying she feared insanity.

WAFERS

THEY REACH THE LIVER.

Are you tired of using bad tasting calomel, oils and pills that drastic that they leave you weak and sick? If so get a bottle of Wafers, the delightful laxative and note how nice they taste and how they act.

At all drug stores—30c per bottle. If your druggist can't supply send order direct. They will be sent prepaid.

MANUFACTURED BY

LAMARINE LABORATORIES,
ATLANTA, GA.

Refreshing flavor and fragrance and unusual mellow-mildness make Camel Cigarettes instantly and permanently likable!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

18 cents a package

CAMELS are a cigarette revelation! They are a smoke delight! They answer the cigarette question as it has never before been answered. Your taste will prove that!

Camels are an expert blend of choice Turkish and choice Domestic tobaccos which you will greatly prefer to either kind of tobacco smoked straight. Your test proves that!

This expert blend brings out Camels' wonderful cigarette qualities. It eliminates any unpleasant cigarettey aftertaste or any unpleasant cigarettey odor! It also makes possible Camels' enticing mildness while retaining the full "body" of the tobaccos.

No matter how much you like Camels and how liberally you smoke them, they will not tire your taste!

For your own satisfaction compare Camels with any cigarette in the world at any price!

Chero-Cola

THERE'S NONE SO GOOD

"In a bottle—Through a straw"

Was made for the ball park. Kept cold and served chilled, it is the glory of the grandstand and the boast of the bleachers.
